RFID READER BASED KASHYA WATER DISPENSER

HOME (INDEX.PHP) > RFID READER BASED KASHYA WATER DISPENSER

PRODUCT

RFID READER BASED KASHYA WATER DISPENSER

Details

A new technology of touch less water dispensers with a built in RFID Reader to scan the RFID tag on the water bottle and dispense water according to customer preference / requirement after receiving instruction from the mobile app.

The water dispenser will give options to dispense cold, comfort and Luke warm water after sterilizing the bottle.

The customer would place the bottle on the dispensing area and then give instructions over his mobile app.

The water dispenser would read the RFID and collect the instruction from the mobile app and would release water according to customer preference.

A touch less and easy way to access pure and fresh water with a dual purpose of eradicating single use plastic water bottles.

Kashya International PVT. LTD.

Address: KD- 209, Pitam Pura, Delhi - 110088
